PROFESSIONAL SUMMARY

Motivated and enthusiastic BICT (Hons) undergraduate at the University of Vavuniya with a strong passion for Software Engineering and Full-Stack Development. Proven experience in building scalable web applications using both MERN and .NET Core technology stacks. Passionate about Semantic Computing and NLP, with active research contributions at IYKONS Industry Research Park. Committed to delivering high-quality, user-centered software solutions while leveraging Agile methodologies to thrive in collaborative industry environments.

EDUCATION

Bachelor of Information and Communication Technology (Hons)

University of Vavuniya

2023 – Present

TECHNICAL SKILLS

Programming Languages: JavaScript, C#, Python, HTML5, CSS3

Frontend: React.js, Tailwind CSS, Framer Motion, State Management (Redux/Context API)

Backend: ASP.NET Core Web API, Node.js, Express.js

Databases: SQL Server, MongoDB

Data Science & NLP: KeyBERT, YAKE, RoBERTa, spaCy, BERT, Semantic Computing

Tools & Platforms: Git, GitHub, Docker Hub, Jira, Postman, Swagger, Vite, Google Colab, Hugging Face

Concepts & Methodologies: REST APIs, OOP, Agile Methodology, Software Engineering, Testing & Debugging

PROJECTS

SillaraAI

Ongoing

A trilingual AI E-Commerce co-pilot for SMEs, featuring AI-driven inventory management, multilingual semantic search, and voice-first interfaces.

Technologies Used: React.js, Tailwind CSS, Vite, Framer Motion, Postman, GitHub, Git, MERN Stack, MongoDB Atlas Vector Search

[\[GitHub Repository\]](#)

SkillPivotlk

Completed

A centralized career platform for IT students featuring AI-powered CV customization, skill-gap analysis, and advanced job role discovery using NLP.

Technologies Used: React.js, Tailwind CSS, Vite, ASP.NET Core, SQL Server, Swagger, GitHub, Git

[\[GitHub Repository\]](#)

Semantic Search Engine

Completed

An advanced document retrieval system using cross-domain semantic vector embeddings and cosine similarity scoring for context-aware searches.

Technologies Used: Python, Gradio, Sentence-Transformers, Google Colabs, Hugging Face, GitHub, Git

[\[GitHub Repository\]](#)

Kronix Agency

Completed

A professional agency landing page focusing on scalable architecture, clean code (DRY principle), and high-performance UI/UX design.

Technologies Used: React.js, Tailwind CSS, Framer Motion, Figma, Vite, GitHub, Git

[\[GitHub Repository\]](#)

RESEARCH EXPERIENCE

Undergraduate Researcher – Semantic Computing — IYKONS Industry Research Park 2026 – Present
Focus: NLP-based keyword extraction and transformer models for document analysis.

Independent Researcher – AI Career Systems — University of Vavuniya 2026 – Present
Focus: AI-Driven Skill Gap Analysis and automated CV generation framework.

Final Year Researcher – Strategic Planning Systems — University of Vavuniya 2026 – Present
Focus: Digitization of strategic, action, and financial systems with database security.

VOLUNTEERING & CONTRIBUTIONS

Lab Assistant & Student Mentor 2026
10-Day Intensive Processing Bootcamp, University of Vavuniya & IYKONS Ltd. Facilitated technical workshops, guided students on Agile/GitHub workflows, and mentored them on professional project pitching.

Open Source Contributor 2026 – Present
Social Summer Of Code (SSoC) Season 5 .Actively contributing to large-scale React.js projects by optimizing code and resolving complex real-world technical issues.

Member Of Buddhist Society University of Vavuniya 2023 – Present
Coordinate and support community service projects, fostering teamwork and social responsibility within the University of Vavuniya.

Member Of IYKONS Industry Research Park 2026 – Present
Actively contributing to NLP-driven document analysis and developing advanced keyword extraction frameworks. Collaborating with industry experts to bridge the gap between academic research and scalable software solutions.

SOFT SKILLS & INTERESTS

- **Soft Skills**
Agile Collaboration, Analytical Problem-solving, Technical Documentation, Design Thinking, Public Speaking & Announcing, and Adaptable Quick Learner.
- **Interests**
AI Integration, UI/UX Trends, Semantic Computing, Technical Blogging, and Music.

LANGUAGE PROFICIENCIES

- **Sinhala**
Native Proficiency
- **English**
Professional Working Proficiency (Capable of technical documentation and team communication)

CERTIFICATIONS

- **General Conversational English** 2023
The English Bank
- **Letter of Appreciation – Coding Bootcamp x Software Solution Development** 2026
Recognized by the University of Vavuniya and IYKONS Ltd. for exceptional support, leadership in practical sessions, and commitment as a Lab Assistant.

REFEREES

Mr. V. Senthooran
Dean, Faculty of Technological Studies
University of Vavuniya
